- Building custom forms and workflows for core software systems using Windows Presentation Foundation (WPF) and Windows Workflow Foundation (WF)

Education and Experience:

- 3 or more years completed of a Computer Science or related degree program
- Some experience with C# (preferred) or VB.NET and the .NET framework
- Experience with ASP.NET, Silverlight, SharePoint, WPF, WF, or SQL Server would be an asset

Required Skills and Abilities:

- A deep, growing, intimate relationship with Jesus Christ
- A genuine desire to see people's lives changed
- A professional approach and demeanor
- Design Analysis expertise
- Software Analysis and Design Skills
- Database Design and Programming Skills
- Object-Oriented Programming Skills

Funding:

This position requires Ministry Partner Development. The successful candidate will have the privilege to build a partnership team which provides financial and prayer support for the ministry. The financial support will cover the costs of the candidate's salary and ministry expenses. Power to Change believes that Ministry Partner Development is biblical and God will provide everything necessary to fulfill the calling into ministry: finances, emotional strength and perseverance. Building a ministry partnership team is an integral part of being in ministry. There are many opportunities to bless and encourage the partnership team. Power to Change is committed to providing training and coaching that ensures success in Ministry Partner Development.
