PARENTING CONFERENCE Legacy

WORKING TOGETHER to reach FAMILIES in your COMMUNITY

Parenting isn't easy and at times we wish each child came with an owner's manual. Legacy is a conference that gives parents principles, tools and encouragement from the Creator of families who is the author of the greatest parenting book ever written. It's exciting to see these time tested principles working effectively in each family's unique situation.

Legacy is an effective outreach event. The practical and Biblical principles are presented in a sensitive fashion that shows the wisdom of Scripture. Bridges will be built that will help open doors for future discussions about spiritual relationships.

What PEOPLE are SAYING!

"It was relevant, challenging, practical."

"It was so informative and really opens your eyes to your own parenting style."

"It's so honest, yet positive. It gives every parent hope for themselves and their children."

DISCOVER

Parental Perspectives:
The most common mistakes parents make... and a better plan.

Building Confident Kids:
Instilling a healthy sense of self-value in your child.

Parent's Changing Role:
How your job changes as your child matures.

Societal Hurdles:
Responding to the cultural forces shaping your child.

Character Counts:
Imparting godly character to your child.

Cultivating the Soul:
A parent's discovery of their child's significance.

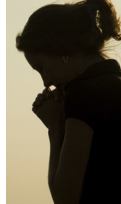

HOSTING an event INVOLVES . . .

Team

You need people who are excited and willing to work together to see the event is planned well. FamilyLife Canada will provide many tools but the team is the key element to hosting a successful event. We have a guide called "Planning a One Day Event with FamilyLife" that provides you with help.

The TEAM will be responsible for: Prayer

The most vital request we have is to have people praying for the event. We can not stress enough the importance of prayer and the impact it has on the result of the event. We suggest you have people begin praying well in advance and during the event.

Promotion

We provide many downloadable items that include posters, registrations and invitations.

Available at www.familylifecanada.com.

Registration

Registration and determination of conference fees are handled by the sponsoring church. (see our website for a downloadable and editable registration form).

Audio/Visual

A person is required who is familiar with your A/V equipment. We require an LCD projector, DVD player, microphones and two music stands. For a complete listing of our needs see our "Planning a One Day Event with FamilyLife" Guide.

Refreshments

From experience we have learned that people really appreciate coffee, water and some snack items, such as muffins and fruit. We recommend this as it definitely adds to the enjoyment of the day.

Resources

Books have a tremendous impact to challenge attendees well after the event is over. Contact Power to Change Resources for details on consignment book packages. (www.powertochangerc.org 1.800.667.0558)

Follow-up

The Church is responsible for follow-up as we want parents to be connected with you to ensure they receive the most effective help. We do have online helps that we would love to discuss and offer to you that could supplement what you offer.

Schedule:

<i>Registration</i>	8:30 - 9:00
<i>Introduction</i>	9:00 - 9:15
