

# Thank you

July - August 2011

## Thank you for making a purchase through the Power to Change Resource Centre!

Our hope is that the resources you have invested in will inspire and equip you on your journey to reach your world for Christ.

### We are passionate about how God is at work in Canada:

At Power to Change, our missionaries are working right here in Canada—ministering to your friends and neighbours through education, families, sports, politics, and business.

This year, our focus has been to tell the stories of what God is doing to inspire and encourage people in their faith. From March to May 2011, a team of filmmakers traveled across Canada to capture nearly 1,000 stories that are now available online. You can hear the stories of life transformation directly from our staff today, at [powertochange.org/revolution](http://powertochange.org/revolution). Watch the videos and see what we're doing to engage people in spiritual conversations.

*Thank you again for supporting Power to Change and allowing us to help people around the world discover Jesus Christ. Together, we are impacting the spiritual direction of our nation.*
