

Expansion Team Internship (TExT) 2013-2014

- » Travel the country
- » Launch four new student-led movements
- » Ignite a movement

Every day hundreds of thousands of students walk through their day without the opportunity to engage with the Gospel. We want to change this. By 2016, Power to Change wants to be equipping 60 student-led campus movements across Canada.

What does it take to spark a student-led movement on a campus where there is currently no ministry presence?

Invest a year to pioneer and establish four student-led movements! Help students discover Jesus, and raise up student leaders on each campus to be instruments of change. God will use you and your team to spark campus movements that could one day engage tens of thousands of students with the life-changing message of Jesus and send thousands of labourers to the world!

Dates: August 21, 2013 – April 25, 2014

Location: Travel with a small team of staff and interns to four Canadian colleges and universities (exact locations to be determined).

Funding: You will receive training and coaching to enable you to raise a team of Ministry Partners who will provide financial and prayer support for your year of ministry. The financial support will cover your salary, health & dental benefits, materials, training, travel expenses, and accommodations.

Application Deadline: March 1, 2013.
