

Students

We're hiring... Computer Programmer

As a Computer Programmer you will help Power to Change by developing software tools and systems accelerate and support on-the-ground ministry. You will help manage, debug and create systems that will uniquely allow students and staff to help students discover Jesus and take Christ to the nations.

Responsibilities.

- Grow as a leader who is Christ-like in character and full of faith and to pursue expertise in your ministry arenas.
- Programming (PHP / Ruby on Rails) for powertochange.com, Pulse, EventBrite integration, CiviCRM platform, and Google Apps integration.
- Mobile App Development for creation of apps on iOS and Android to help distribute resources, scale training and increase student engagement.
- Social Media Integration to provide support for integration with major social media platforms such as Twitter, Facebook and Foursquare.
- Interfacing of software tools with the GCX platform so that our global movement can use our tools.
- Help volunteer developers across the country build software applications for their campus and outreach activities.
- Help with the integration of creative media and design components into the P2C technology landscape.
- Research and development of new technology ideas.
- Cultivate and maintain a solid ministry partner team.

Skills.

- You are a self-starter and faithful with responsibilities.
- You are committed to personal, relational and spiritual growth.
- You are able to manage multiple relationships and tasks simultaneously.
- You are committed to evangelism and prayer.
- You enjoy working in a team and can take direction.
- You are able to work independently and with a team across geographical locations.

Must-Haves.

- University degree or equivalent in Computer Science or a related field.
- A deep, growing, intimate relationship with Jesus Christ.
- Commitment to Power to Change's leadership, methods and ministry models.

Locations.

- Guelph, Ontario

Ministry Partner Development.

Successful candidates will have the privilege to build a partnership team that provides financial and prayer support for the ministry. The financial support will cover the costs of the candidate's salary and

ministry expenses. We believe that Ministry Partner Development is biblical and God will provide everything necessary to fulfill your calling into ministry: finances, emotional strength and perseverance. Building a ministry partnership team is an integral part of being in ministry.
