Title: *Web Developer*
Ministry: *The Life Project*
Location: *Langley, BC (possibility of working remotely)*
Reports to: *Technical Manager*
Position type: *Part-time or full-time*

Ministry Overview

Power to Change (P2C) seeks to glorify God by making a maximum contribution toward helping to fulfill the Great Commission in Canada and around the world by developing movements of evangelism and discipleship. We envision millions of volunteers engaged in faith adventures that transform lives through the power of the gospel. You can be a part of this movement of change by applying your skills in P2C Ministries.

The Life Project ministers directly to hundreds of thousands of people every month through a network of websites which reach out to many segments of society. We are passionate about using technology to share the Gospel of Christ by creating online communities of evangelism and discipleship to help fulfill the Great Commission (see thelifeproject.com).

Position Overview

The Web Developer will work closely with the Technical Manager to maintain and develop the look, user experience, and back-end code of the The Life Project's websites and applications.

Primary Responsibilities:

- Development of new sites and applications
- Maintenance and upgrades to existing sites
- Back-end web application programming
- Providing insights and suggestions for enhancing the layout of sites

Education & Experience:

- A diploma or degree in Web Development or Computer Programming (or significant experience in one of these fields or a related field)

Required Skills & Abilities:

- Able to work both independently and with a team
- Ability to communicate effectively in both technical and business environments
- Ability to manage priorities and time
- Contemporary technical skills and troubleshooting abilities
- A professional approach and demeanour.
- Creative input aptitude and decision making skills

- Front-end programming skills utilizing HTML, CSS and JS
- Back-end programming experience with PHP and MySQL

Preferred Skills & Abilities:
- Experience working with modern development frameworks such as Laravel and WordPress
- Experience with version control systems such as GIT and GitHub

Other Requirements:

A growing, personal relationship with Jesus Christ and a pre-existing belief and demonstration of lifestyle as outlined in the P2C Code of Conduct and Statement of Faith and abide by the biblical principles outlined in these documents.

This position requires Ministry Partner Development where the successful candidate will be required to build a team which provides financial and prayer support for salary and ministry expenses including benefits coverage.
